eldeco

R A I L S Y S T E M S

Eldeco is one of the leading producer of Modern Rail Systems in Turkey. Thanks to the quality of its products and wide range of Curtain Rail Profiles, we are able to provide technical, practical and decorative rail solutions to our customers in both local and international markets.

Product quality – realistic pricing and service are our main principles in delivering orders of our customers worldwide.

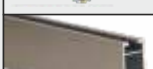

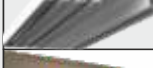

Eldeco has always been product oriented; product knowledge and outstanding customer service play a basic role in the progressive principles of the Company.

Eldeco has a policy of continuous product development and improvement. We welcome customer feedbacks with regards to our products, services and future market requirements.

We see in priority the satisfaction of our clients and happiness of end users.

Hilmi Yılmaz
Director
